Beth,

I don't have any Alabama files anymore. I'm not sure the bill number for this is in the material I sent you -- we weren't publicly supporting this measure. Would you, please, respond to Tim? Call if you have questions.

Per a conversation with Dan Truit, plant accountant for the Anniston Plant, I was informed that you are handling the proposed legislation to have the M.C. plant de annexed from the city of Anniston. Would you please inform me of the status of the proposed legislation?
