
Composite target of the Springfield Revolver Club Team No. 1 in 7th Match of U.S.R.A. League Shoot. The individual scores were:

Dr. I. R. Calkins	242
Dr. R. E. Neill	227
F. A. Wakefield, Jr.	226
E. A. Fox	226
H. D. Shierman	216
Total	1,137

SPRINGFIELD *Revolver Team* BREAKS U. S. R. A. League Record

WITH a score of 1,137 x 1,250 the Springfield Revolver Club Team No. 1, shooting U. S. .38 S. & W. Special cartridges in the 7th Match of the U.S.R.A. League Tournament held early in the year, shattered the existing league record.

Their composite target reproduced above is convincing evidence of the fact that the unmatchable skill of the five-man team was ably supported by ammunition that had these three essentials of good scoring . . . accuracy, dependability, uniformity.
