Re: Hazardous Waste Services Association
PCB Seminar- October 20, 21,1981
Sheraton O'Hare Hotel
Chicago, Illinois

Dear Mr. Fensterheim:

Following my telephone conversation of this week, this is to announce a one-day seminar sponsored by the Hazardous Waste Services Association of Washington, D.C., to be held in Chicago, Illinois and be devoted solely to PCBs. A tentative outline and proposed topics are included for your review.

As I indicated, we are inviting and confirming individuals who will speak on various topics to provide the most comprehensive treatment possible on th subject of PCB's and what to do with them.

The Hazardous Waste Services Association would like to request the name and position of the member of your staff who would be able to speak on the listed topic for approximately 20 minutes and answer questions thereafter in a panel discussion. A brief resume of the individual's background would also be helpful.

A reply at your earliest convenience would be appreciated. Please advise if there are any additional questions or problems.

Very truly yours,

Dale E. Kortze, Jr.
