ARKANSAS COMMISSION ON POLLUTION CONTROL AND ECOLOGY
8001 NATIONAL DRIVE
LITTLE ROCK, ARKANSAS 72209

PERMIT

FOR THE INSTALLATION, ALTERATION, OR REPLACEMENT OF EQUIPMENT AND/OR AIR POLLUTION CONTROL APPARATUS UNDER TERMS OF THE ARKANSAS AIR POLLUTION CONTROL CODE

Permit No. 249-A (Modification) Date July 27, 1977

To: Pollution Controls, Inc.
(Graco Chemical Corporation)
Post Office Box 1975
El Dorado, Arkansas 71730

This permit is your authority to construct, operate, and maintain the equipment and/or control apparatus set forth in your application dated or last amended 07/21/77. This permit is issued subject to the provisions of the Arkansas Water and Air Pollution Control Act (Sec. 82-1901 et seq., Ark. Stats.), hereinafter referred to as the "Act", the Arkansas Air Pollution Control Code, hereinafter referred to as the "Code", and the following terms and conditions.

1. This permit shall not relieve the owner or operator of the equipment or control apparatus from compliance with all applicable provisions of the Act and the Code.

2. The equipment and/or control apparatus shall be constructed and installed in accordance with the plans, specifications and other representations contained in the permit application and/or the Commission's summary report. There shall be no deviation therefrom without the written approval of the Director of the Department of Pollution Control and Ecology.

3. The Director shall be notified in writing within thirty (30) days after the equipment or control apparatus for which this permit is issued has been first placed in operation. Failure of the permitted equipment or control apparatus to perform as specified in the application and summary report shall subject this permit to revocation.

4. The equipment and control apparatus shall be operated within their design limitations and maintained in good operating condition at all times.

5. This permit shall be available for inspection on the premises where the control apparatus is located.

6. This permit is issued in reliance upon the statements and representations made in the application and the plans and specifications and the Commission has no responsibility for the adequacy or proper functioning of the equipment or control apparatus.

7. This permit shall be subject to revocation, modification, or change when in the judgment of the Commission such revocation, modification, or change shall become necessary to comply with the provisions of the Act and the Code.

8. This permit is issued to the applicant alone. It may not be transferred to another party. In the event of the sale of the permitted facility, this permit shall expire and the purchaser must apply for a new permit. In the event the permitted facility is moved to a different location, this permit shall expire and a new permit shall be required. Applications in both instances may be made by amendment to the original application.
