Dr. R. A. Kehoe
The Kettering Laboratory, College of Medicine
Eden Avenue
Cincinnati 19, Ohio

Dear Dr. Kehoe:

I am enclosing two copies of the initial draft of our report on exhausted particulate lead compounds. I have written the report along lines which might be suitable for later release to our customer companies, should the decision be made to make our data available in this way.

Currently, copies of this draft are being circulated among our interested people in Detroit to get their ideas on how it should be handled from here on. Would you be good enough to give us your reactions also?

Very truly yours,

D. A. Hirschler
