May 27, 1972

Mr. Frank E. Argensinger
General Electric Company
100 Woodlawn Avenue
Pittsfield, Massachusetts 01201

Subject: Mass Bill H 3635 "An act prohibiting the discharge of any chemical solution containing Polychlorinated Biphenyls into the environment"

Dear Mr. Argensinger:

We are informed today by our Washington office that this bill has been "scrubbed" for the time. This does not mean that it can not be resubmitted nor that we can relax our efforts to clean up. However, it does relieve some of the most recent pressure.

We certainly appreciate your response on my most recent visit and we look forward to working with you in the future.

You can rest assured we will be in contact with you on any other activity of mutual interest, and we would appreciate any comments from you. Thanks.

J. G. Bryant
