Mr. Franklin T. Miller,
c/o F. W. Dodge Company,
119 West 40th St.,
New York City, N.Y.

Dear Mr. Miller:

Col. Wiggins suggested something to me yesterday which sounded good and I am passing it on to you for the consideration of your Financial Relations Committee: The suggestion was that Congress or the State Legislatures should pass legislation making all new construction which is put up under present conditions, tax free for a period of years, say five years. You will get the idea in connection with this and it may be that you will want to see if something can be developed from it. Just in the face of it, it looks like a good thought to me.

Very truly yours,
