MOTHER LODE ASBESTOS

December 15, 1970

NOTICE TO OUR CUSTOMERS

Effective January 1, 1971 there will be an adjustment in the price of certain grades of asbestos fibre produced by PACIFIC ASBESTOS CORPORATION. You will note that the price has not changed on a majority of the 6 and 7 group fibres, but an increase in price has been necessary in the group 4 and 5 fibres due to increased manufacturing costs.

It is the policy of Management of PACIFIC ASBESTOS CORPORATION to produce the highest quality fibre possible at a fair and equitable price, and we regret that even a slight increase in price was necessary at this time.

We appreciate your past business and look forward to being able to serve you in the future.

Sincerely,

PACIFIC ASBESTOS CORPORATION

P. E. Holmes
Vice President & General Manager
