1935-40	3-9535†	2	Spacers—use with 3-9500 Series Mounts
WILLYS JEEP			
1946-67	3-9529	2	CJ Series-4-W.D. Use with 3-9500 Series Mts.

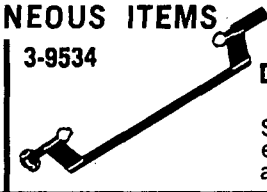
MISCELLANEOUS ITEMS

ENGINE INSULATOR

Necessary for all engine conversions using Balkamp 3-9500 series mounts. Three-bolt, with heavy duty type construction cannot come apart. Assures vibration free operation.

3-9533

3-9534



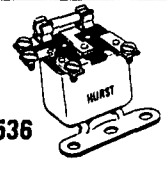
DROPPED DRAG LINK

1955-57 Chevrolet

Simplifies the installation of OHV V-8 engines in these cars. Safe engineering and quality materials assure reliability.

ELECTRICAL CONVERSION KIT

This 6 to 12 volt conversion kit simplifies installation of 12 volt engines into early 6 volt cars. All 6 volt accessories can be used with advantages of 12 volt power.



3-9536

3-9546—Nylon

3-9545—Steel

BUSHINGS

Nylon bushing replacement for floor shifts.

Steel bushing for performance shifting. Lubricated for practically lifetime of bushing.
