Hotel reservations should be made now. Both the Hotels Webster Hall and ·y, near Mellon Institute, promise full cooperation, as do the downtown hotels · Pittsburgh Convention Bureau.

More details later.....

I-H-F in American Can Company's Annual Report

The 47th annual report of the American Can Company, a Foundation member, ·s the following: ·

"With the assistance of Industrial Hygiene Foundation of America, which is ·d in the Mellon Institute in Pittsburgh, a survey was conducted of the Company's ·l program for employees. The purpose of this survey was to determine ways where- Company's already comprehensive medical program can be made more effective."

(Editor's Note: The Foundation is now engaged in four other such studies dealing with medical administration, cost and procedure.)
