	*Economic benefits of polychlorinated biphenyl fluids
	*Consumer attitudes toward polychlorinated biphenyl fluids

TESTIMONIAL DINNER IN HONOR OF PAUL G. BENIGNUS

On September 1, Paul Benignus retires from Monsanto after 38 years of service to the dielectrics industry.

Knowing of Paul's forthcoming retirement, friends and associates from various companies have expressed interest in joining us in paying tribute in recognition of Paul's achievements. To this end, a dinner and pre-dinner cocktail party will be held on the evening of the date of the symposium in the Geneva Room, Sheraton West Port Inn. Cocktails at 6:30 PM, dinner at 7:30.

Monsanto invites you to be their guest at the cocktail party. There will be a charge of $13.50 for the dinner.

A number of persons have also stated a desire to share in giving a gift to Paul Benignus to mark his retirement. Should you wish to do so, any amount contributed above the cost of the dinner will be used for this purpose.

MONS 072649

All hotel accommodations, dinner reservations, and transportation from the St. Louis airport to the West Port Inn will be arranged by Monsanto Company. So that these arrangements can be completed, please signify your intention to attend no later than August 30.

A reply card to serve both functions and return envelope are enclosed for your convenience.
