COPY:	Maintenance General Foremen, Operations General Foremen
DATE & SUBJECT:	February 2, 1987 — ASBESTOS PACKINGS

PLAINTIFF'S EXHIBIT RMC-39

In our on-going program to eliminate the use of asbestos materials, several warehouse descriptions for bulk packings have been changed to non-asbestos product.

These changes are noted on the attached list.

New products will be ordered when present stocks are replaced.

Please let Maintenance ENgineering know if problems arise during this change.
