PACKAGE CODES

Package codes indicate the lengths and format of authorized stock items. The factory ships standard packages to the warehouse in order to minimize repackaging activities at the warehouse. Special permission must be obtained to cut from a standard package. Package codes are summarized in the following table:

<u>CODE</u>	<u>LENGTHS</u>	<u>DESCRIPTION</u>
05C	490' - 505'	500' coil - wire is coiled inside cardboard box.
05S	490' - 505'	500' spool - 2 metal spools inside a carton.
05R	450' - 550'	500' wood or plywood reels
10R	900' - 1100'	1000' wood or plywood reels
CTR	Cutting reel	All lengths over a standard package.
END	End Piece	All lengths less than a standard package.
