Dear David:

Enclosed is a copy of the Roscoe Moore affidavit being presented by the Environmental Defense Fund. We would appreciate the comments of your Medical Department on the Mobil Study and the affidavit. Dr. Moore will be testifying on Thursday, November 18.

We would also appreciate receiving a copy of the news release issued by Monsanto in September relating to the preliminary results of the study being conducted on the relationship between PCBs and cancer.

As always, it was good to speak with you and I look forward to receiving your comments on the affidavits we are filing today.

Yours very truly,

Steven S. Rosenthal
