Dear Mr. Lohman:

Attached is a discussion of the toxicity data and safe handling instructions for Fydraul F-9. I believe this material will answer the questions raised in your letter of April 7, 1964.

If I can be of any further assistance, please do not hesitate to let me know.

Very truly yours,

P.S. In my opinion there should be no hazard associated with the use of Fydraul F-9 in the application you propose.
