Mono Kote Requirements
1971

Gentlemen:

Mr. Dunham has asked that I request from each of you a list of the following:

1. Jobs under contract by name, location and architect.
2. Approximate quantity needed.
3. Approximate starting date.
4. Name of applicator.

As you know the policy is to furnish regular type Mono Kote on all jobs where accessible. If you do have a job that will require our new MK 4 please designate this fact. The MK 4 is the new asbestos free product as described to you by Tom Egan.

Your prompt attention to this matter will be appreciated.

Sincerely yours,

JHMcD
J. H. Mc Dougall
