Dear Mrrs. Comstock, Mancini and Ms. Colamaria (and copies to EPA career staff in OW and OA):

Good afternoon.

Attached are comments already submitted to Regulations.gov website. Perhaps the comments will be useful in your contemplation of both permit streamlining and reducing regulatory burdens.

I have attempted to “cross walk” the various Executive Order issues in these comments. Perhaps there are a couple of ideas for “2:1” regulatory reform/cost reduction as well. If I left anyone from EPA off the e mail that should have been included—it was a genuine oversight and not intentional.

I hope that you have an enjoyable weekend. Perhaps we will see much needed sunshine.

Theresa
