political purposes realized their mistake too late. We intend to benefit by their experience.

"Veterans know what they want. If properly organized they have a good opportunity to impress on the proper authorities the justice of their requirements. Without such organization, their efforts are scattered and their welfare left to chance.

"We have 70,000 members in the southern division now. New members are being enrolled each day. We shall have a roster of 200,000 American war veterans in the southern division before our campaign ends."

70,000 in Southern Division

Lieutenant Here From Canal Zone for Health

W. F. McNair, First Lieutenant of field artillery, U. S. A., assigned to military survey duty in the Canal Zone, is at the Hotel St. Francis. Ill health brought a temporary halt of his duties. He is in San Francisco to enter the Letterman General Hospital for treatment.

"My work took me outside the Canal Zone," he explained, "where health conditions are not as favorable as within the zone boundaries. The sanitary appropriation for the zone area has been reduced slightly and cannot be expected to combat conditions outside that area."

Canal Zone residents take no stock in the proposition of a second canal, the lieutenant said.

"They do not believe there is any need for another canal such as proposed in Nicaragua," he said.

FIRST CHERRY SHIPMENT

Special Dispatch to The Chronicle.

SAN JOSE, May 10.—The first shipment east of the 1924 crop of cherries from Santa Clara county left here yesterday, according to word from the Stewart Fruit Company.

for a brighter kitchen

use Washable Wall Finish, Silkenwhite Enamel
— Rubber Cement Floor Paint —

IN YOUR KITCHEN—what transformations the paint brush brings! Like the waving of some fairy wand, it transforms unwelcome dinginess into bright, clean, cheerful surroundings.

And you can be the good fairy yourself. The effect is like magic. It's fun to apply Washable Wall Finish, Silkenwhite Enamel and Rubber Cement Floor Paint.

Washable Wall Finish is a varnish *paint* made in white and several attractive light colors. And because of the high-grade varnish it contains, surfaces can be easily cleaned with a damp cloth. Can be applied over rough or smooth plaster.

Silkenwhite Enamel on walls, woodwork and furniture produces a rich satin-like finish of unusual durability. It comes in white, ivory, and other delicate shades.

Rubber Cement Floor Paint is a high grade varnish paint which dries overnight. It forms a long-lasting, tough, elastic film. Color or gloss uninjured by frequent washing. Fourteen colors to choose from. Ask any Fuller Dealer about these products and let him advise you about painting of any kind.

Our new book "HOME PAINTING" will tell you just the paint or varnish to use—how to use it. Tear out this advertisement, write your name and address on the margin, mail it to us, and you will receive a copy FREE, BY RETURN MAIL.

75 years
paint-making experience is back of every Fuller Product —a positive assurance of satisfaction.
