RE: New York State Combustion Toxicity Regulation

I believe you will be interested in the attached memorandum from Ken Lane and Roger Bernstein from SPI State Government Affairs Department relating to the New York State Combustion Toxicity Regulation.

I am also enclosing a letter I have just received which was sent by the Chemical Fabrics and Film Association to its members, and I believe you will be interested in the attachments thereto from New York State officials.

We will keep you advised of any new developments on this as we learn of them.

Roy
