MEMORANDUM

In Reply to _____ *Date* 5/21/70 *From* F.Lee Russell *To* H. H. Heideman

Subject #45 ASBESTOS BASE SHEET cc: T. J. Pikes
C. Homan

Dear Howard:

Please excuse the delay in my not answering your memo of May 13, 1970 but it seems that Carroll Homan and I are alternating taking turns being out of town. I have not discussed the 17 and 19" line with Carroll but I can see no reason why we cannot line the Asbestos Base Sheet as we do our regular Bonded Base Sheet.

I will discuss this with you June 5 in Chicago. Regards.

LEE.

FLR:MZ at present lines 2" and 34" from either edge
