REQUEST TO MONSANTO COMPANY
FOR SAMPLE QUANTITY OF PRODUCT
CONTAINING POLYCHLORINATED BIPHENYL ("PCB")

1. Name and address of organization making request:

Roswell Park Memorial Inst.
Elele Elm Street
Buffalo, New York

DR. M. Holmes
Dept Molecular Biology

2. PCB product requested: Aroclor 1254

3. Quantity requested: Approximately 500 grams

4. Reason for request: RESEARCH:
We routinely use the liver microsome fraction from adult rats to screen for environmental carcinogens. Aroclor 1254 induces those enzymes in liver responsible for the activation of some carcinogens

5. Use to which sample of PCB-containing product will be put:
will be injected subcutaneously into adult rats in order to induce enzyme of the mixed oxygenase system in liver.

MONS 096288

6. Disposition to be made of any unused portion of sample:
Will be ~~[illegible]~~ disposed of in special Biohazard waste bags (ultimately burned) or stored in refrigerator in which biohazard materials are stored & so marked. This laboratory is designed & equipped for handling of biohazard material including protective personnel clothing & masks, gloves; storage; disposal.

7. Names and brief description of educational background and job responsibility of person(s) who will be working with sample:

MARGARET E. HOLMES, Ph.D.
MICROBIAL GENETICS & CHEMICAL CARCINOGENESIS
DR. HIRA GURTOO, D.V.M., PH.D.
CHEMICAL CARCINOGENESIS

The undersigned organization represents that: the foregoing statements are true; it understands that if Monsanto elects to supply the requested sample of a PCB-containing product, Monsanto does so in reliance on the truth and accuracy of the foregoing statements; the person(s) designated by the undersigned organization who will be working with the sample is (are) aware that PCBs have been identified as a potential hazard to the environment and that regulations concerning their use or disposition are contemplated or may exist; that the label accompanying any sample will be read and cautions and instructions thereon will be observed; and that care is required in the disposition of PCB-containing products so as to avoid any adverse effect on human health and the environment.

NAME OF ORGANIZATION:
Roswell Park Memorial Inst.

By Margaret E. Holmes, Ph.D.
(Authorized Signature)

Title Cancer Research Scientist

Date 2/16/76
