MEMORANDUM

CHICAGO

In Reply to _____ Date 5/18/70 From H.H.Heideman-MC To C.A.Homan-BBQ

Subject BIRD & RUBEROID "BLACK BACK" (Asbestos)

Our new black back looks good. We should have no trouble running it or selling this product.

For your inspection, I am sending you a sample of Ruberoid's 35# Asbestos Black Back that is being run in Joliet. It appears that they are not using the new method yet as there isn't even any transfer on this sample taken from a full roll.

HHH:AMS

5/23- Sheet has a ribbed face surfaced with talc and a smooth back without any surfacing (unless a small amt of soap was used which appears doubtful since I saw a lap test
