The Managing Director,
Australian Blue Asbestos Pty. Ltd.,
SYDNEY.

5th December, 1961.

Dear Sir,

DUST COLLECTION - No. P.164: We have spoken with Mr. S. Brisbane, State Mining Engineer, concerning the recent report submitted by Mr. Boyland on the conditions prevailing both underground and in the plant at Wittenoom.

Mr. Brisbane intimated that Mr. Boyland was currently in Wittenoom and he would arrange a meeting for Friday next, when we could discuss the report with Mr. Boyland, personally.

We will keep you advised on this question.

Yours faithfully,

General Superintendent.
