this matter and making some experiments and will let you know result of same at an early date.

Some time ago he was offered what purported to be the formula for the manufacture of Ripolin. He says he sees no reason to believe that the party who offers it is trying to sell him something which is not Ripolin formula. If interested, he says he thinks he could secure it for us by payment of a small amount.

He says before purchasing it, he would of course insist on the party who offers it, coming into their factory and making up the goods under test conditions.

Very truly yours,

C.B.
