Ladies and Gentlemen:

Following the guidance provided by the Manufacturing Practices Committee at its meeting in Cleveland on February 19, 1985, a draft set of comments on the Environmental Protection Agency's (EPA) proposed amendments to the vinyl chloride standard is enclosed. In keeping with the Committee's directions, would you please provide your comments to me by March 6, 1985 so that they may be finalized and submitted to the Agency the following week.

I look forward to hearing from you.

Cordially yours,
