St. Louis, Missouri 63166

Dear Doctor Craddock:

Re: PCB Skin Absorption Tests
Our File No. 441.8

Pursuant to our telephone conversation, attached are the protocol for PCB skin absorption tests and a preliminary report from Dr. Howard I. Maibach regarding excretion parameters of PCB. Under the agreement between PGandE and Local Union 1245 of the International Brotherhood of Electrical Workers, this testing will be conducted at the University of California Medical School in San Francisco under Doctor Maibach's direction.

Should you have any questions or comments regarding this matter, please contact me at (415) 781-4211, extension 3195.

Very truly yours,

John C. Vocke
