Hi Pat,

I am copying the ladies who run my schedule to see what is possible.

Thanks,

Scott

Hi Scott,

I am in DC this week for the NGAC meeting (at DOI building). Would your schedule allow any time for us to meet and catch up a bit? Would Some time Tuesday morning before 10:30 work? or late in the day (4:45) on Tuesday or Wednesday.

Hope all is well,

Pat

Sorry, Pat but I will need to run back to the office after breakfast.

Thanks,

Scott

Hi Scott,
Wonderful to hear! I look forward to it. I don't want to get greedy but, will your schedule allow for you to stay for any of the great demos at the opening plenary Monday after the breakfast?
Either way see you Monday morning!!
Have a great weekend.
Pat

Hi Scott,
That would be great, I will get that sent. (I recall gathering info for DOI ethics office in the past, I will see if I still have that too).

Hi Pat,
Please send the breakfast invitation to scott_cameron@ios.doi.gov asap. I will clear it with

Ethics and try to come.

Thanks,

Scott

Hi Scott,

I hope all is well with you, I understand you are very busy these days helping out at DOI. I was glad to hear that you had lunch with Hank recently. I was not sure where to reach you these days but want to make sure that you are aware and invited to the Esri federal GIS conference next week. This could be interesting with your invasive species hat on as well as others. WE will be hosting an executive breakfast on Monday morning Feb 13, which will lead right in to the plenary session. If you can spare the time I am sure you will find it worthwhile and an efficient way to get caught up on the advancements in GIS technology. we are encouraging participation by federal and NGO user communities, which makes for great cross fertilization of ideas, both receive complimentary registration. You can register at this link <http://www.esri.com/events/federal> In case you can make it to the Monday morning executive breakfast (7:00 - 8:30) I will have a separate invite sent (its invite only) I thought of you last week while I was in Denver and meeting with the Western Governors Association team, they are launching a new initiative on invasive species. I look forward to reconnecting.
Pat
