MEMORANDUM

Mr. A. C. Worsley Purchasing	SUBJECT Contractors Compliance with OSHA Regulations on Asbestos.	
Fred S. Venable FSV BATON ROUGE, LA.	DATE July 20, 1972	FILE NO.

In the removal of scrap piping by scrap metal contractors, have we made sure that possible exposures to asbestos materials (insulation) are controlled?

What about cleaning up the area and disposal of scrap asbestos resulting from handling of the piping?

Is the contractor aware of the requirements of Paragraph (c)(2)(iii) concerning clothing and respirators?

See attached Standard.
