RE LEGASPI OIL/PYRANOL 1470

REGRET TO ADVISE WESTINGHOUSE TRANSFORMER REPAIR SERVICE ONLY HANDLES ELECTRICAL TESTING. THEY SEND UNITS OUT TO SUBCONTRACTOR IF FLUID HAS TO BE REPLACED. WESTINGHOUSE DOES NOT EVEN SPECIFY FLUID TO BE USED

G.E. USED TO CARRY IN STOCK 10 X 30-GAL PYRANOL. BUT CEASED TO CARRY PYRANOL BECAUSE PYRANOL-S POLLUTING EFFECT

IN SUMMARY - YOUR SUGGESTION TO SELL PYRANOL THRU G.E. OR WESTINGHOUSE TRANSF. REPAIR STATIONS IS NOT PRACTICABLE HERE

PLS COMMENT HOW YOU PROPOSE SELLING 4-6 X 55-GAL DRUMS PYRANOL 1470 QUICKLY TO LEGASPI
