To: All Members of the LIA-ILZRO Health and Safety Committee

Re: Lead Research Current Medical Developments

Attached for your information is a copy of the paper presented by Dr. Stoppe at the Industrial Hygiene Foundation meeting in Pittsburgh. The du Pont Company has kindly made these copies available to us in advance of publication.

I recommend that you read this very carefully as a similar type of study will be recommended to you as being most productive. The reception accorded Dr. Stoppe presentation was excellent.

Very truly yours,

Don G. Fowler
