

TARGETS...

SPEAK LOUDER THAN WORDS

Sam Tekulsky, of the Roosevelt Rifle Club, New York City, scored the fifteen "perfects" shown here, in the shoot-off of the "Maplewood" (N. J.) Rifle Club, at Central Park, Union City, N. J., on April 22. He used .22 N. R. A.'s.

...So let these targets from the rifles of Charles O'Hare and Sam Tekulsky speak for themselves...they were made with U. S. .22 N. R. A.'s

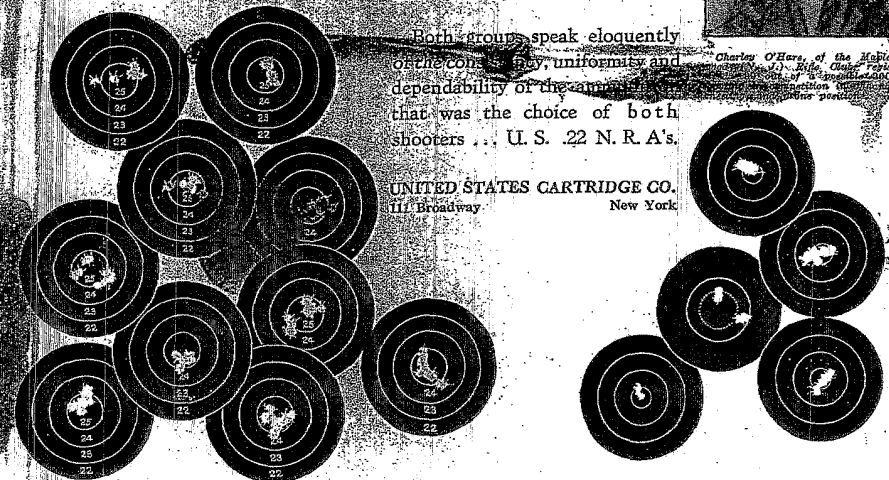

HERE are two groups of targets, both of them registered in shoots of the Maplewood, N. J. Rifle Club... one by Charley O'Hare, son of the famous "Paddy" O'Hare... the other, by Sam Tekulsky.

Charley O'Hare, of the Maplewood (N. J.) Rifle Club, registered the fifteen "perfects" shown here, in the shoot-off of the "Maplewood" (N. J.) Rifle Club, at Central Park, Union City, N. J., on April 22. He used .22 N. R. A.'s.

Both groups speak eloquently of the consistency, uniformity and dependability of the ammunition that was the choice of both shooters... U. S. .22 N. R. A.'s.
