Dear Dr. Levinskas:

I am enclosing the trip reports prepared by Dr. Richter and myself regarding our meeting at N.C.I. on January 31, 1975 with Drs. Kimbrough and Squire on Aroclor 1260 (IBT No. 622-07298).

The micro-slides of the liver sections from all these animals and those from Aroclor 1242 and 1254 will be forwarded today, under separate cover. We are also mailing the reports relevant to these studies today.

The charges for this additional work will be billed under a new Number (IBT No. 641-06672) instead of the previous number.

Sincerely,

D. E. Gordon, D.V.M., Ph.D.
