# SERVICE

Do you appreciate the true meaning of the word "Service?" If you do, then you can fully appreciate E. J. Naughton's visit to Vallejo.

E. J. Naughton, special representative of the Sherwin-Williams Paint Co., is here to give you service; the kind of service that you want but have not been able to obtain.

This service ordinarily would be expensive to the householder, but is being given free by E. J. Naughton, through the courtesy of the C. L. Winchell Hardware Company.

## WHAT IS THIS SERVICE?

It is to give you free advice on the color arrangement of your home. An estimate of the exact amount of material required and the cost to you.

**Sherwin-Williams Paints and Varnishes cover most —look best—last longest, and cost no more.**

**Beautify and protect your home by giving it a coat of paint or varnish.**

**Take advantage of this opportunity to secure expert advice by phoning**
