

LLOYD D. TEETERS, CHIEF
DIV. OF COMPENSATION

H. H. DORR, M. D.
CHIEF MEDICAL EXAMINER

THE INDUSTRIAL COMMISSION OF OHIO
MEDICAL DIVISION
COLUMBUS

IN RE CLAIM NO. _____

All Special Medical Examiners:

Beginning April 1st, 1933, fees for special examinations ordered by the Commission will be limited to \$15.00, and are not subject to the 20% reduction recently ordered by the Industrial Commission of Ohio. If for some good reason, the fee exceeds \$15.00, the entire fee is subject to the 20% cut.

Fees for X-rays are not subject to the 20% cut, but will be approved as follows:

Fingers and toes \$ 5.00
All other parts, except as noted below 10.00

\$25.00 for complete examination of the G. I. tract - \$15.00 for complete X-ray of skull (not less than two views in different directions) - \$15.00 for pyelograms and 50% extra for stereoscopic negatives when authorized.

For review of entire claim file, a fee of \$5.00 will be approved when such review is requested in writing.

The necessity for these reductions is regretted, and I hope you will be willing to continue your cooperation with the Commission at the rates shown. If for any reason, you feel that you cannot do so, please notify me at once, so that you may not be annoyed by further references.

Very truly yours,

H. H. Dorr, M. D.,
Chief Medical Examiner.

HHD/MMW.
