James Spraul, M.D.
Monsanto Industrial Chemicals
800 N. Lindbergh Blvd.
St. Louis, MO 63167

Dear Dr. Spraul:

I am writing to ask for use of the 40 rolls of microfilm containing the plant medical records for the employees of the Krummrich plant which were produced by Monsanto for the NIOSH Dioxin Registry.

As stated in our protocol, we will use the data contained therein to compare the rate of identification of chloracne by the plant medical staff to what was detected by our physician examiners.

We would appreciate receiving these microfilm rolls within the next two weeks. The microfilm would be returned to Monsanto upon the completion of our review.

Thank you.

Sincerely,

Warren H. Wallace, M.D.
Principal Investigator
