

Takes but a few minutes to
do and even saves time when
they are washed.

LETTER OF LAUGHTER

Dear Heloise:

I received four of your five
books from my mother-in-law
for a wedding present.

In the inscription, she said,
"Heloise can get by with far
more on how to tell you to
keep house than I could ever
venture. Remember that I have
been using and capitalizing on
Heloise for years. That's why
you thought I was so smart."

What do you think of that?

Mrs. Newlywed

P.S. Now my mother-in-law
tells me she will give me your
latest book for our anniversary!

Did you know four are in
unabridged paperbacks?
