Terrific and hope this helps. I know you've got a lot on your plate but think we can help on this piece.

Thanks, Jim for sending this over a second time. I will look to see if there is a time in coming

weeks when we can schedule a meeting.

Samantha,

Jessica mentioned that you needed another copy of the transition team's policy book on water infrastructure. Attached is an electronic version. I would love to have an opportunity to walk you through it sometime in the next 4-6 weeks so that you are fully up to speed and get answers to any questions. I would also like to discuss how we can help the Administrator achieve his goals on this issue. We have a strong network of water stakeholders who are eager to help.

Thanks for focusing on this. As we have discussed, water presents a great opportunity for Administrator Pruitt to get credit for some positive action.

I look forward to talking with you further.

Jim
