Attached for your information is a copy of the Order by John R. Quarles, Jr., Deputy Administrator of the EPA, denying the motion by the EPA staff that the testimony of the three EPA witnesses (Dr. Gilman Veith, Dr. Thomas Duke and Mr. Alfred J. Wilson), which was excluded during the hearings by a ruling of the administrative law judge, be reinstated into the hearing record. By this action, the ruling by the administrative law judge, which was made in response to motions by myself and attorneys for GE and Westinghouse, was sustained.
