PRESIDENT

PRESIDENT-ELECT

PAST PRESIDENT

SECRETARY

TREASURER
L. R. LITTLEFIELD

AMERICAN INDUSTRIAL HYGIENE ASSOCIATION

February 15, 1945

Prof. Philip Drinker
Harvard School of Public Health
55 Shattuck Street
Boston, Massachusetts

Dear Phil:

I have just reviewed the minutes of the last meeting of the Board of Directors of this Association, and find that I have taken care of everything that I was supposed to accomplish as President of the Association, except the appointment of a Committee on Employment.

As I recall, at the discussion which was held at the very close of the meeting in November in Pittsburgh, our group thought it would be a good idea to have such a committee to assist returning veterans in procuring positions in the industrial hygiene field, as well as steering other worthy members in the right direction. The committee could also assist some of our members in finding qualified personnel for such work.

I am writing at this time to ask if you would be good enough to accept the chairmanship of such a committee. I am sending a copy of this letter to those listed below with the idea that Manfred Bowditch and Schrenk would serve with you as members. I should also like to serve on this committee, since I am in a position, as you well know, to have information on the needs in this field. Copies of this letter are going to Kehoe and Barnes, but merely for the purpose of apprising our incoming president and our secretary of the action I have taken.

I sincerely hope that you, Bowditch, and Schrenk will all accept, so that we can have a committee of four to handle this business.

Sincerely yours,

J. J. Bloomfield
President
