Dear Doctor:

Re: [REDACTED] vs. Danforth

I trust that you were able to amuse yourself for the balance of the day in Binghamton on September 6th. There isn't much in the city to amuse one.

I think our case went in very well before the Referee. However there were many collateral questions I could have asked after putting in the main defense, but I thought I would leave these questions out expecting of course that the claimant's attorney would ask a few of them by way of cross-examination and if that did occur then we would have seen him floundering around to his great discomfort. However, claimants did not seem to know what it was all about and there was very little cross-examination.

For completion of my records, I wish you would send me copy of your letter of August 25th to Dr. Reznikoff

Will you please also send me, if they are available, the citations of the two cases of which you spoke to me in which claim was made for lead poisoning alleged to have occurred as a result of handling leaded gas.

Yours very truly,

J. R. Fitzgerald
