SUBJECT WESTINGHOUSE HAMILTON ONTARIO

MESSAGE

Westinghouse are concerned about pending ramifications from their union as mentioned in the last paragraph of the letter from the Teap Regional Control Centre advisor to Westinghouse. They would like topicality data - can you provide it to me?

The reference to "Dangerous Properties of Industrial Materials", 4th edition - pages 537/8 caused concern amongst Westinghouse people. They feel union personnel may use this in ~~negotiations~~ negotiations. Can we respond to N. Irving Sax's comments?

Would appreciate your prompt attention.

Regards - Harvey McPhaden
