

1 The next exhibit is Ford Exhibit 12 dated
2 August 3, 1973.

3 THE COURT: It will be admitted in
4 evidence.

5 (Whereupon, Plaintiffs' Exhibit Number Ford
6 12 was received into evidence.)

7 MR. SMITH: The subject is vehicle brake
8 rebuilding. Recent industrial hygiene studies have
9 demonstrated overexposure to asbestos fiber in air
10 during certain vehicle brake rebuilding and inspection
11 operations.

12 Overexposure occurred when brakes and brake
13 drums were cleaned using compressed air blow-off.

14 Under no circumstances shall compressed air
15 blow-off be used to clean brakes and brake drums.

16 Signed by Mr. Toth.

17 MR. WILLIAMS: I am sorry. Could you read
18 the following three paragraphs, please.

19 MR. SMITH: I think there is only two. You
20 want all three of the bottom paragraphs.

21 Vehicle brakes and brake drums shall be
