Subject: Process for submitting a request for a Presidential Exemption -- email airaction@epa.gov

Hi Kyle –

Wanted to give you the info about a small action that is being announced at 3pm today. EPA is letting folks know that they can submit a request for an exemption from nine different NESHAPS using Clean Air Act section 112 (i)(4) by emailing it to airaction@epa.gov by March 31, 2025. The attached communication strategy provides the list of NESHAPS and a desk statement. There are a few QAs that we're still working on.

<https://www.epa.gov/stationary-sources-air-pollution> -- link to page with more info will be live from the banner at 3pm

Thanks,
Jenny
