

1930

INDEX

VOLUME I

A

A. B. C.—General Round Table Session, 39-63.
Accident Prevention Equipment Manufacturers' Section: General Chairman's report, 257-259.
Minutes, 249-268.
Nominating Committee report. 264.
Officers, 249-250.
Treasurer's report, 260-262.
Accident Statistics: Discussion on accidents attributed to "Acts of God", 393-394.
Fires, 131.
"Making Use of Accident Statistics" (Graham), 381-384.
Accidents-Costs: "The cost of An Accident" (Darling), 406-410.
In "General Hazards of the Food Industry" (Zeitner), 723.
In "Prevalent Causes of Accidents in the Construction Industry in Pennsylvania" (Maguire), 528-529.
In "The City's Responsibility for the Control of Street Accidents" (Mackey), 97.
"Safety Work as a Business Proposition" (Durfee), 708-711.
See also Economics.
Accidents-Report forms: See Report Forms.
Acetonitrile: Toxicity of benzols, 493-495.
Acids: Mechanical protective equipment, 436-439.
Advanced Safety Engineering Session, 65-83.
Advertising: "Advertising a Factor in Accident Prevention" (Ward), 371-373.
Ainsworth, C.: "Safety Standards in Industry," 69-73.
Alcoholism: Discussion on prohibition on the construction job, 527-528.
A. S. S. E.—Engineering Section: "Final Report of the Investigation on the Effects of Annealing on Chains" (Thomas), 281-332.
General Chairman's report, 271-272.
Membership committee report, 279-280.
Minutes, 269-348.
Nominating committee report, 280.
Officers, 269-271.
"Report of Committee on Accident Prevention in Engineering Colleges" (Keown), 274.
"Report of Committee on Chapter Organization and Activities," 279.
"Report of Committee on Low Voltage Hazards" (Lloyd), 333-347.
"Report of Steering Committee on Regional Safety Conferences" (Hewitt), 273.
"Report of Steering Committee on Research Standards and Codes" (Blank), 275-279.
Amylene: Toxicity of benzols, 493-495.
Annealing Chains: See Chains.
"Annual Banquet": See Banquet.
"Annual Meeting of Members": 11-32.
Augustus, E.: "Is it Best to Elect or Select Safety Committeemen?" 57-60.
Automobile Driving: Accidents when backing up, etc., 557.
"How We Stimulate Interest in Safety" (Kemper), 561-565.
"Making Motor Vehicles More Safe" (Eynon), 86-88.
Married men safer drivers, 557.
"Plain truths About Safety" (Johnson), 546-550.
"Safe Operation of Laundry and Dry Cleaners Delivery Cars" (Peck), 760-763.
"Selection and Training of Bus Drivers" (Dow), 567-575; 735-743.
"Street and Highway Safety" (Pasche), 575-578; 743-746.
"The Value of Statistical Analyses" (Graves), 555-558.
Automobiles: "Preventing Accidents by Proper Maintenance of Vehicles" (Hinckley), 550-554.
Automotive Section: Minutes, 349-384.
Nominating Committee report, 358-359.
Officers, 349.

B

Bakeries: "Baking and Candy Manufacturing" (Sullivan), 728.
See also Food Industry.
Baldwin, J. C.: "Car Equipment and Its Relation to Accidents," 608-610.
Banquet: 33-37.
Barth, A. L.: "Care and Use of Protective Equipment in the Chemical Plant," 432-439.
Benefit Associations: See Employees' Benefit Associations.
Benzol: "A New Investigation of the Toxicity of Benzol and Its Impurities" (McCord), 488-500.
In "Ventilation of Heavier Than Air Vapors" (Gumaer), 465-476.
Bergquist, C. W.: Address, 34.
Bible: Quotations on safety, In "Smashing Traditions in the Safety Program" (Kuechenmeister), 50-51.
Blacklock, J. B.: Discussion of Mr. J. C. Baldwin's paper, 610-611.
Blank, E. F.: "Report of Steering Committee on Research, Standards and Codes," 275-279.
Bloomfield, J. J.: "Industrial Dust: Its Estimation and Mitigation," 477-487.
Bonus Systems: Discussion on plans for electric railways, 601.
Drivers' Awards, 572; 740.
Bonyun, M. E.: "Safe Handling of Unfired Pressure Vessels and Equipment," 500-507.
Borden, E. D.: "Practical Interpretation of Problems of Cooperative Market Research and Analysis," 251-257.
Bottling: "Dairy Products and Bottling" (Mineur), 727-728.
Bricher, E.: "The Relation of Industrial Health to State Departments of Labor and Industry," 185-189.
Browne, H. F.: "Employee Benefit Associations in American Industry," 629-634.
Browne, O. G.: "The Viewpoint of the Management," 207-212.
Burgess, G.: "Responsibility and Opportunity," 350-354.
Burns: Discussion on cement burns, 544.
Busses: "Experience of a Public Transportation Company in the Prevention of Street and Highway Accidents" (Tighe), 594-601.

"Selection and Training of Bus Drivers" (Dow), 567-575, 735-743.
"Street and Highway Safety" (Pasche), 575-578; 743-746.
Buyer's Guide: Recommendations for 1931 Edition, 263-264.
Byrd, R. E.: Our two years in the Antarctic, 35-37.

C

Cade, R. E.: Discussion of "The Children's Page," 685-688.
Cafeterias: See Lunch Rooms.
Campbell, D. M.: "Eye Safety in Industry," 366-371.
Candy Industry: "Baking and Candy Manufacturing" (Sullivan), 728-733.
Carbon: In "Poisons of Industry" (Wadsworth), 179.
Carbon disulphide: Toxicity of benzols, 493-495.
Carver, W. A.: "The Nurse in a Small Plant," 204-207.
Cement Industry: Accidents, In "Address" (Quigley), 391-393.
"Address," (Quigley), 391-393.
"Address" on work of Portland Cement Association in Accident Prevention, (Reninger), 403-405.
Discussion on cement burns, 544.
"Presentation of Joseph A. Holmes Award to the Lehigh Portland Cement Co." (Turner), 22-24.
Cement Section: General Chairman's report, 386-387.
Joint Session with Quarry Section, 403-419.
Minutes, 385-402.
Nominating Committee report, 387-388.
Officers, 385.
Poster Committee report, 387.
Cereal Products: See Food Industry.
Chains: "Final Report of the Investigation on the Effects of Annealing on Chains" (Thomas), 281-332.
Chemical Industry: "Care and Use of Protective Equipment in the Chemical Plant" (Barth), 432-439.
"Industrial dust: Its estimation and mitigation" (Bloomfield), 477-487.
"A new investigation of the Toxicity of Benzol and Its Impurities" (McCord), 488-500.
"Safety Investigations and Approval System of the United States Bureau of Mines: Their Application to the Chemical Industry" (Perrott and Yant), 450-463.
"The Trend of Accidents in the Chemical Industry" (Roach), 424-431.
"Ventilation of Heavier Than Air Vapors" (Gumaer), 464-476.
Chemical Section: Minutes, 421-507.
Nominating Committee report, 431.
Officers, 421-422.
"Remarks of the General Chairman," 422-423.
Chesterman, F. J.: "Training Plant Executives," 74-79.
Chlorine: Handling, 438.
Cities and Safety: "City Responsibility for Control of Accidents" (Marsh), 88-94.
"The City's Responsibility for the Control of Street Accidents" (Mackey), 97-100.
Cleaning Systems: See Dry Cleaning.
Cline, J. R.: "What Effect Does Safety in the Plant Have on Safety in the Home," 399-402.
Clothing: In "Care and Use of Protective Equipment in the Chemical Plant" (Barth), 435.
See also Shoes.
Codes: See Standards.
Cole, W. G.: "The Engineer's Viewpoint of the Accident Situation," 558-560.
Commercial Vehicles: See Automobile Driving; Automobiles.
Committees-Safety: Discussion, 537-538.
"Is It Best to Elect or Select Safety Committeemen?" (Augustus), 57-60.
Community Safety: See Public Safety.
Community Safety Session, 85-100.
Conferences: "Report of Steering Committee on Regional Safety Conferences" (Hewitt), 273.
Construction Industry "Accident Experience of Members During 1929" (Robinson), 510-512.
"Address" on Safety in the Construction Industry, (Ferguson), 525-528.
Discussion on handling the sub-contractor, 541.
Discussion on uniform records, 538-540.
Discussion on "Where Does Safety Originate?" 540-541.
"Interesting the General Contractor in Accident Prevention in Construction" (Horst), 512-517.
"Major Causes of Injuries in the Construction Industry and Their Elimination" (Schultz), 530-536.
Plan of organization, 541-543.
"Prevalent Causes of Accidents in the Construction Industry in Pennsylvania" (Maguire), 528-530.
"Steering Wheels of Safety in the Construction Industry" (Zellhoefer), 518-522.
Construction Section: Minutes, 509, 543.
Nominating Committee report, 525.
Officers, 509-510; 525.
Poster Committee report, 512.
Round Table Session, 537-544.
Contests: Discussion on plans for drivers, 564-565.
Employees' Publication Section contest winners, 697-698.
Public Utilities Section contest winners, 620.
Cooper, W.: "Special Hazards in Hotels and Restaurants," 725-727.
Creameries: See Dairy Industry.

D

Dairy Industry: "Dairy Products and Bottling" (Mineur), 727-728.
Darling, W. A.: "The Cost of an Accident," 406-410.
Davis, J. J.: "The Worker and Safety," 117-120.
Davis, M.: "Actuarial Information for Employees Benefit Associations," 635-640.
Delivery, Taxicab and Bus Section: Joint session with Food Section, 567-580; 735-748.
Delivery, Taxicab and Bus Section: (Cont.) Minutes, 545-565.
Nominating Committee report, 560-561.
Officers, 545-546.
Dermatitis: Cutting oils, 187-188.
Discussion on cleanliness, 187-188.
Detectors: Gas detection, 456-458-460.
Donley, C.: "The Business Organization's Part in Fire Prevention," 132-136.
Dow, M. A.: "Selection and Training of Bus Drivers," 567-575; 735-743.
Dry Cleaners Section: See Laundry and Dry Cleaners Section.
Dry Cleaning: "Hazards of a Dry Cleaning Department" (Smith), 755-756.

Durfee, E. P.: "Safety Work as a Business Proposition," 708-711.
Dusts: "Industrial Dust: Its Estimation and Mitigation" (Bloomfield), 477-487.
See also Explosions: Health Hazards.

E

Eastham, E. K.: Discussion of Mr. L. G. Tighe's paper, 599-600.
Economics: Accident reductions in cement industry, 391-393.
"The Cost of an Accident" (Darling), 406-410.
In "Can the Use of Safeguards be Enforced?" (Huckestein), 56-57.
In "Council Purposes and Policies," 8.
In "Health Records in a Small Plant" (Holzbog), 141.
In "Selling Safety to the Man on the Job" (Gilbert), 376.
In "The Worker and Safety" (Davis), 118-119.
"Safety Work as a Business Proposition" (Durfee), 708-711.
See also Accidents-Costs.
Education-Engineering: Discussion on safety engineering courses, 68.
"Report of Committee on Accident Prevention in Engineering Colleges" (Keown), 274.
"Training Engineering College Students in Accident Prevention" (Holbrook), 65-67.
Education of Workmen: "Accident Prevention Through Supervisory Training" (Evenson), 587-593.
Electric Railway Section: Joint luncheon with the Public Utilities Section, 620.
Membership Committee report, 583.
Minutes, 581-619.
Nominating Committee report, 607.
Officers, 581-582.
Poster and Slide Committee report, 583.
Program Committee report, 583.
Publicity and News-Letter Committee report, 583.
Report of Engineering and Statistics Committee on warning signals, 585-587.
"Report of the Special Committee on First Aid" (Reid), 583-585.
Electric Railways: "Accident Prevention Through Supervisory Training" (Evenson), 587-593.
"Car Equipment and Its Relation to Accidents" (Baldwin), 608-612.
Discussion on selection tests for motormen, 617-619.
Discussion on warning signals, 585-587.
"Experience of a Public Transportation Company in the Prevention of Street and Highway Accidents" (Tighe), 594-601.
General discussion on "How to Operate a Public Vehicle Safely," 616-619.
"How to Operate a Public Vehicle Safely" (Thomas), 612-615.
"Improved public relations as a result of safe operation" (Gordon), 602-607.
"Street and Highway Safety" (Pasche), 575-578; 743-746.
Electricity: "Report of Committee on Low Voltage Hazards" (Lloyd), 333-347.
Employees' Benefit Associations: "Actuarial Information for Employees' Benefit Associations" (Davis), 635-640.
"Can the Smaller Industrial Establishment Successfully Operate an Employees' Benefit Association" (Mead), 644-646.
"Cooperation Between the Family Physician and the Employees' Benefit Association" (McCord), 622-628.
"Employee Benefit Associations in American Industry" (Browne), 629-634.
"Hospitalization benefits" (Marcey), 646-656.
"Lessening the Financial Burden of the Employees' Benefit Association" (Quinby), 641-644.
Employees' Benefit Associations Section: Minutes, 621-656.
Officers, 621.
Employees' Publications: "The Children's Page in the Employee Publication" (Stevens), 682-688.
"The Editor and His Work" (Morrell), 689-690.
"The Editor's Successor" (Place) 668-676.
"Internal Publications" (Townsend), 691-697.
"A Plant Organ Analysis" (Wissler), 677-682.
"The Safety Page" (Fish), 698-702.
"Some Common Sins in Writing" (Stafford), 661-668.
Employees' Publication Section: Chairman's report, 658-661.
Contest winners, 697-698.
"Editing the News-Letter" (Wyse), 702-704.
"A Greeting From the Pittsburgh Editors," 658.
Minutes, 657-704.
Nominating Committee report, 676.
Officers, 657.
Engineering Education: See Education-Engineering.
Engineers-Safety: Duties of the Safety Engineer, 541.
"Making the Safety Engineer Indispensable in Industrial Management" (Fennell), 79-84.
Evans, H. V.: "Is a Regular Inspection of Hand Tools Worth While?" 62-64.
Evenson, C. H.: "Accident Prevention Through Supervisory Training," 587-593.
Everts, G. S.: "The Organization and Administration of Industrial Health Units," 199-204.
Executives: See Management.
Executives' Dinner Session, 110-120.
Exhibits: "Accident Prevention Equipment Manufacturers Who Made Exhibits at the 19th Annual Safety Congress," 266-268.
Explosions: Discussion on Causes of Fires and Explosions in Pipe Lines and Tanks, 429-431.
Hazards from industrial gases, vapors and dusts, 450-452, 462.
Eye Protection: "Eye Safety in Industry" (Campbell), 366-371.
Eynon, B. G.: "Making Motor Vehicles More Safe," 86-88.

F

Fatigue: "Focal Infection and Its Relation to Fatigue and Industrial Accidents" (Juell), 146-151.
Feet: "Foot Injuries" (Gibson), 354-358.
Fennell, D. D.: "Making the Safety Engineer Indispensable in Industrial Management," 79-84.
Ferguson, H. K.: "Address" on Safety in the construction industry, 525-528.
Fire Prevention: "The Business Organization's Part in Fire Prevention" (Donley), 132-136.

Discussion on Causes of Fires and Explosions in Pipe Lines and Tanks, 429-431.
"Making America Fire Conscious" (Wentworth), 129-132.
"New Developments in Fire Protection and Prevention" (Richman), 121-129.
Fire Prevention Session: 121-136.
Fire Waste Council: In "Making America Fire Conscious" (Wentworth), 130-131.
First Aid: Advantages of first-aid training, 443-448.
First Aid instructor's outline, 442-443.
In "Selling Safety to the Man on the Job" (Gilbert), 376.
"Report of the Special Committee on First Aid" (Reid), 583-585.
"The Value of Cooperative First-Aid Training" (Forbes), 440-450.
Fish, C. T.: "The Safety Page," 698-702.
Fisher, Gov. J. S.: Letter, 110.
Fitzgerald, T.: "Address of Welcome," 582-583.
Flammable Liquids: Discussion on causes of fires and explosions in pipe lines and tanks, 429-431.
Fleet Operation: See Automobile Driving; Automobiles.
Floors: In "Dairy Products and Bottling" (Mineur), 727-728.
Focal Infection: See Teeth.
Food: "Correct Feeding—Its Value to Industry" (Pritchett), 181-184.
Food Industry: Accident Costs. In "Hazards of the Food Industry" (Zeitner), 723.
"Baking and Candy Manufacturing" (Sullivan), 728-733.
"Dairy Products and Bottling" (Mineur), 727-728.
"General Hazards of the Food Industry" (Zeitner), 721-724.
"Special Hazards in the Food Industry—Cereal Products" (Sutton), 724-725.
"Special Hazards in Hotels and Restaurants" (Cooper), 725-727.
Food Section: Joint Session with Delivery, Taxicab and Bus Section, 567-580; 735-748.
Minutes, 705-733.
Nominating Committee report, 707.
Officers, 705.
Forbes, J. J.: "The Value of Cooperative First-Aid Training," 440-450.
Foremen: "The Foreman and Safety" (Grady), 107-109.
"Training Plant Executives" (Chesterman), 74-79.
"What Kind of a Talk Should a Foreman Give to His Men?" 395-398.
Foremen's Forum, 101-109.
Forney, R. L.: "Presentation of Vehicular Accident Report Forms," 578-580; 746-748.
Fortuin, R. B.: "What Kind of a Talk Should a Foreman Give to His Men?" 395-398.

G

Gases: Chlorine cylinders, 438.
Toxicity of refrigerants, 455.
Warning agents, 454.
See also Detectors; Explosions.
General Round Table Session: See A. B. C.—General Round Table Session.
Gerald, A. H.: "Hand and Portable Tools," 359-365.
Gibson, J. B.: "Foot Injuries," 354-358.
"How We Get Our Employees to Wear Safety Shoes," 60-62.
Gilbert, I. L.: "Selling Safety to the Man on the Job," 373-376.
Glick, P.: "The State's Responsibility For Your Safety," 102-105.
Goggles: Discussion on getting men to wear goggles, 381.
Discussion on goggles and perspiration, 53.
"How We Get Employees to Wear Goggles" (Sanford), 51-53.
In "Care and Use of Protective Equipment in the Chemical Plant" (Barth), 435,437.
Reduction in eye accidents, 52.
Gordon, C.: "Improved Public Relations a Result of Safe Operation," 602-607.
Governor's Letter, 110.
Grady, M. P.: "The Foreman and Safety," 107-109.
Graham, G. C.: "Making Use of Accident Statistics," 381-384.
Graves, B.: "The Value of Statistical Analyses," 555-558.
Graves, J. T.: "Life, Liberty and the Pursuit of Happiness," 25-32.
Gray, A. S.: "Qualifications for the Industrial Physician Viewpoint of the Health Department," 162-172.
Guards: See also Safeguarding.
Gumaer, P. W.: "Ventilation of Heavier Than Air Vapors," 464-476.

VOLUME II

A

Accident Statistics: "Industrial Accidents" (Williams), 788-791.
Irreducible minimum, 315.
Accidents—Costs: "The Cost of An Accident" (Darling), 530-534.
Discussion on the effect the saving or curtailment of the safety program has on accident cost, 201.
Adamiak, L. F.: "Investigation of Accidents in the Petroleum Industry by the Polish Bureau of Mines," 376-381.
Adams, W. W.: "The Accident Situation," 169-170.
Automobile Driving: In "Safe Handling of Refrigerated Products—Ice" (Scott), 566-567.
In "Selection of Safe Workmen for Employment" (Dickson), 469-471.
"Safety on the Route and Platfrom" (Hillenbach), 581-583.

B

Baker, G. C.: "Modern Methods of Accident Prevention in the Refrigeration Industry," 559-562.
Barada, J. J.: "Safety Inspections in a Gas Company," 456-460.
Barr, R. C.: "Insuring Safety From Log Pond to Car," 791-797.
Beall, J. W.: "Foundry Engineering and Safety," 116-120.
Beckett, P. G.: "Some Fundamental Requirements in Successful Accident Prevention Work," 161-166.
Belts, Safety: Discussion on safety belts for riveters, 110-111.
Bergquist, C. W.: "National Safety Council Trophies," 282-284.
Boetcker, W. J.: "Horse Sense," 803-807.
Boilers: "Safe Operation of High Pressure Water Boilers at Sea" (Hall), 21-30.
Bonus Systems: "The Advantages of Bonuses in Safety Work" (Wright), 48-50.
In "Achieving Built-in Safety" (Brennan), 288,289.
Boots, E. W.: "Safety Among Bridge and Building Employees," 680-682.
Boyle, D. L.: "Safety Organization in a Small Mine," 176-181.
Bradford, F. R.: "Collapse and Fall of Objects in Shops," 709-710.
Brakes—Railroad: "Overcoming the Hazards of Operating Hand Brakes" (Hammond), 691-695.
Breeland, A. W.: "Solving the Pipe Line Casualty Problem," 328-334.
Brennan, W. D.: "Methods of Educating the Miner," 166-169.
Brennan, W. J.: "Achieving Built-in Safety," 286-296.
Bridges: "Safety Among Bridge and Building Employees" (Boots), 680-682.
Buchanan, W. F.: "Safety Practice on the Witwatersrand," 203-215.
Buchman, R. P.: "Conference Plan of Imparting Safety Methods," 479-491.
Bull, W. L.: "Safe Handling of Cargo Through Side Ports," 30-34.
Bulletin Boards: In "Achieving Built-in Safety" (Brennan), 286-287.
Bureau of Explosives: "Work of the Bureau of Explosives in Preventing Accidents Due to Explosives, Flammables, Etc" (Topping), 655-663.
Burns: "Shop Burns and Falls" (Kramerer), 711-714.
Use of ultra-violet ray lamps in treatment, 273.

Campaigns: See Contests.
Campbell, T.: "Safety Inspection Methods—Telephone and Telegraph," 460-462.
Carrow, T. H.: "Accident Causes and Remedies," 703-706.
Cater, B.: "Merely Some Personal Ideas on Safety," 335-341.
Cement Industry: "Address" on work of the Portland Cement Association in accident prevention (Reninger), 527-529.
Cement Section: Joint session with the Quarry Section, 527-543.
Chaney, L. W.: Accident statistics for foundries, 115-116.
Christian, W. D.: "Why Safety Is a Paying Proposition," 424-427.
Crysoidine Dye: Hazards, 261-262.
Claims: "The Handling or Adjusting of Claims" (Cromwell), 227-230.
"Importance of Cooperation Between Employer, Employee, Claim Department and Surgeon in the Prevention and Handling of Injuries" (Forrester), 552-558.
Clark, M. A.: "Developing Job Value Consciousness," 608-611.
Clothing: "Protective Clothing in Accident Prevention Work in Mines" (Lutton), 197-200.
See also Gloves: Shoes.
Cogan, F. H.: "Safety in Railroad Lighterage Operations," 51-56.
Cole, W. G.: "Analysis of Accident Causes in the Metal Industry," 87-91.
Colors: Pipe lines, 385.
Comins, W. H.: "Safety Responsibility of Management," 148-151.
Committees—Safety: "Small Plant Safety Committee Problems as Applied to Woodworking Shops" (Immel), 776-780.
"That Safety Committees Are Indispensable" (Thomas), 463-464.
"That Safety Committees Are Not Indispensable" (Wilson), 464-466.
Conferences: "Conference Plan of Imparting Safety Methods" (Buchman), 479-491.
Construction Industry: "Safety Among Bridge and Building Employees" (Boots), 680-682.
"Safety in the Erection of Steel" (Hazard), 104-111.
Contests: "Award of Major Trophy" (Dowd), (Paper and Pulp Section), 284-285.
"Award of Metals Section Trophies" (Pettibone), 131-133.
Data on the Paper and Pulp Section contest (Dowd), 279-281.

Discussion of 1931 Paper and Pulp Section contest rules, 306-311.
Discussion on the use of contests in packing and tanning industry, 239-242.
In "Achieving Built-in Safety" (Brennan), 288-289.
"National Safety Council Trophies" (Bergquist), (Paper and Pulp Section), 282-284.
Presentation of the Petroleum Section contest trophies (Pettibone), 370-375.
Public Utilities Section contest winners, 492.
"Report of Committee on Safety Contest Method"—Steam railroad, (Larson), 649-654.
Cook, G. W.: "Accident Experience of the Textile Section During 1929," 755-758.
Cooperation: "Importance of Cooperation Between Employer, Employee, Claim Department and Surgeon in the Prevention and Handling of Injuries" (Forrester), 552-558.
Cotton Mills: See Textile Industry.
Couplings: "Coupling and Uncoupling Accidents" (La Fountaine), 695-697.
Courts—Safety: Discussion, 153, 159.
In "Acidents in the Packing and Tanning Industry" (Waite), 219-225.
In "Safety Responsibility and Management" (Fear), 144-147.
See also Investigation of Accidents.
Cromwell, O. F. W.: "The Handling or Adjusting of Claims," 227-230.

D

Dairy Industry: "The Safe Handling of Ice Cream" (Dreux), 562-564.
Daniel, J. F.: "Problems of the State Mine Inspector," 192-193.
Darling, W. A.: "The Cost of an Accident," 530-534.
Inspirational talk, 304-305.
Davis, P. A.: "Safeguarding the Health of the Rubber Worker," 612-623.
Davis, W. N.: "Safety in Salvage Operations," 42-47.
Dearborn, W. A.: "Handling Material Accidents—an Engineering Problem," 744-754.
De Camp, W. V.: "Safety Responsibility of Management," 155-158.
Dermatitis: From hemlock bark, 275-276.
Treatment, 275-276.
Design: "The Relation of Safety and Design" (Maryanski), 624-630.
See also Engineering Revision.
Dickson, W. M.: "Selection of Safe Workmen for Employment," 466-471.
Digesters: Discussion on causes of explosions, 260.
Discipline: "Disciplinary Measures for Violation of Safety Rules" (Neff), 472-479.
Discussion, 165-166.
Divers: In "Safety in Salvage Operations" (Davis), 46-47.
Dodge, C. H.: "Relation of the Individual's Education or Intelligence to His Liability to Accident," 187-189.
Doran, S. W.: "Personal Protective Devices for the Foundry Worker," 120-124.
Dowd, A. S.: "Award of Major Trophy," 284-285.
Data on the Paper and Pulp Section contest, 279-281.
Dreux, A. J.: "The Safe Handling of Ice Cream," 562-564.
Drews, E. E.: "Trend of Accidents in the Packing and Tanning Industry," 232-236.
Drinking Water: Temerature, 272.
Dry Ice: Handling, 564.

E

Economics: "The Cost of an Accident" (Darling), 530-534.
Discussion on the effect the saving or curtailment of the safety program has on accident cost, 201.
"How Safety Measures Affect Compensation and Insurance Rates" (Hall), 548-551.
In "The Executive's Opportunity in Accident Prevention" (Lyons), 344-345.
In "Minimizing Woodwork - Plant Accidents" (Greenwalt), 786.
Record of Corduroy Tire Company, 623.
Reduction in insurance rates of rubber companies in Ohio, 590.
"Saving Money Through Accident Prevention" (Graves), 517-520.
"Saving Money Through Accident Prevention" (Hilliard), 521-526.
"Why Safety Is a Paying Proposition" (Christian), 424-427.
Education—Engineering: Course in petroleum safety engineering, 388-390.
Education of Workmen: "Educating of Personnel as a Means of Accident Prevention" (Wilson), 797-800.
Education—a Factor in Accident Prevention" (Odell), 674-678.
"Methods of Educating the Miner" (Brennan), 166-169.
"Training Foremen to Become Genuine Safety Leaders" (Hallock), 447-452.
Electric Railway Section: Joint luncheon with the Public Utilities Section, 492.
Electricity: See also Power Houses; Public Utilities.
Employees—Selection: See employment systems.
Employment: "Developing Job Value Consciousness" (Clark), 608-611.
Employment Systems: "Selection of Safe Workmen for Employment" (Dickson), 466-471.
Engineering Revision: "Handling Material Accidents—an Engineering Problem" (Dearborn), 744-754.
