

Cyclopedia of Paint Information

CONTAINS complete directions and formulas for painting the materials used in building construction—wood, plaster, masonry, metal—as well as other helpful information such as estimating quantity of paint needed to cover a given surface, time required between coats on various types of work, producing mottled and blended effects, etc. File size—7½ x 10½ inches. Free to any architect upon request.

The Dutch Boy trademark is on every keg of Dutch Boy white-lead. It guarantees your getting a product of the highest quality—lead paint.

In addition to white-lead, there are sold under this trademark: flitting oil for use with white-lead in decorating interiors; also red-lead and linseed oil.
