The following results were obtained on our portions of the samples taken by EPA representatives on 1/27/76.

Sample No.	Location	PCB's		#/day
0349	Eff. at 246	excluding 1221	0.56 ppm	1.3
		including 1221	1.3 ppm	3.1
0350	Incinerator	4 ppb		0.01
0352	Sauget Inf.	9 ppb		1.1
0353	Sauget Eff.	21 ppb		2.6

Note - Aroclor 1221 should not be considered as polychlorinated biphenyl nor an environmental hazard. It contains an average of 1.1 chlorine atoms per molecule and is biodegradable.
