Dear Bob:

It will take a bit of digging, but will not be too difficult for us to produce the information which Dr. Grut apparently wants according to your letter of May 24th. I am referring your inquiry to another member of our staff and will write again as soon as the figures are assembled.

We don't want any by-line but you might give our friend Aage my best regards when you write him. I recall my contacts with him with particular pleasure.

Sincerely,

MB:JA
