Dear Mr. Funk:

Pursuant to our meeting and conversations on June 7, 1983, I am writing to request the composition of the binder and/or coatings used on the fibrous glass which Mary Grant worked with. This request is in conjunction with Ms Grant's occupational disease claim (OD 20115-22) filed with the Industrial Commission of Ohio. Complete information is needed to render an industrial hygiene opinion, as requested by the Industrial Commission Hearing Officer, about the work-relatedness of this claim.

Thank you for your assistance.

Sincerely,

Robert J. Crackel
Industrial Hygienist
