The Texas City SHAC (Safety and Housekeeping Action Committee) will make a presentation of information gained during their recent plant tours of other industrial sites. This presentation will be given Thursday, January 19, from 1:00 p.m. to 4:30 p.m. in the Chocolate Bayou Administration Building Auditorium.

Bob L. Stuart, Chairman of the Committee, will lead the discussion, with each committee member making a presentation of information obtained during his tours. This should provide an excellent opportunity for Chocolate Bayou supervision to hear how other companies and locations handle safety and safety training.

Please plan to attend and participate.
