Mr. James Weibe
Box 92
Shelby, Ohio 44875

Dear Mr. Weibe:

Over a year ago, you installed a Michigan Silo on the farm of Mr. Glenn Dickerhoff and caused it to be coated, in whole or in part, with a product called Cumar manufactured by The Monsanto Company. As you know, the Public Health Authorities have ruled that silage stored in a silo coated with Cumar cannot be fed to milk producing animals. As a result, Mr. Dickerhoff has sustained substantial loss and unless he receives full recompense for his damages, it will be necessary to file a suit against you, your company Michigan Silo Company, and The Monsanto Company, the producer of Cumar. We are sending a copy of this letter to Michigan Silo Company and to The Monsanto Company for their information.

If you are interested in settling this matter without litigation, I should be glad to hear from you at your earliest convenience.

Sincerely yours,

John G. Ketterer

John G. Ketterer, Counsel
for Glenn Dickerhoff
